fabric guide

6.4 oz / 180gm 100% Interlock Cotton

Our Interlock Cotton is made from 100% ring spun cotton and is woven to feature a smooth surface. Interlock Cotton works well for screen printing and embroidery.

5.6 oz / 160gm 100% 1x1 Rib Knit Cotton

A textured knit that has the subtle appearance of vertical lines. It also has a nice elasticity to the fabric. Our 1x1 rib is the most economical 100% cotton.

6.4 oz / 180gm Micro Fiber

Micro Fiber apparel is a very soft, breathable fabric keeping the wearer cool and dry. This type of fabric, when decorating is best for sublimation

Fleece

Fleece is super soft, lightweight, warm and comfortable fabric. Fleece is best decorated by embroidery.

Terry Cotton

Terry fabric is produced with large knitted loops that can absorb large amounts of water. The feel is very soft which make it ideal for robes towels and bibs.
